

Educational Environments, Vol. 2

Showcasing over 100 outstanding architecture and interior design projects, Educational Environments No. 2 illustrate show educational facilities create value for their owners, making long-term investments in building products, interior furnishings, and technological infrastructure to establish enduring physical assets that optimize life cycle costs. The book offers proof that today's best educational projects are exceptionally functional, economical, energy conserving, easily maintained, adaptable and appealing. Educational Environments No. 2 is a valuable planning and design resource to guide the people who must preserve, enhance and convey America's intellectual leaders. Roger Yee, the editor, is an architecture graduate of Yale School of Architecture, has received honors for his work in the field from such organizations as the American Institute of Architects, the American Society of Interior Designers and the Association of Business Publishers. Former editor-in-chief of Corporate Design & Realty, Contract, and Unique Homes, he is now a contributing editor to such publications as Business Week, Engineering News Record, as well as, being the author of Hospitality & Restaurant Design No. 3, Healthcare Spaces No. 2, and Corporate Interiors No. 5. presents examples of the nation's most innovative new educational facilities showcases new and renovated schools, colleges and universities, as well as libraries, corporate training centers, and more illustrates how learning venues can be functional, economical, energy conserving, easily maintained, adaptable and appealing 284 pages 9 x 12 500 color photos hardbound 1-58471-049-7
