

How to Find Yourself and Claim What's Yours explores the journey of a writer who finds her voice and purpose amidst uncertainty and disappointment. The author traverses time and space in this memoir, using vignettes from her life to illustrate how her faith and commitment to her goals allowed her to realise her ambitions. It's a story that many of us carry deep inside, however not always expressed. She vividly describes how she honed her talents and character as she searched for the right career, overcoming self-doubt and fear. Her journey took her to Tobago where she felt an awakening of her purpose. Suddenly all the pieces of her life fell into place and she later returned home to follow her dream and be closer to her inspiration at this time - her father. This book is ideal for persons seeking their purpose, artistes, those transitioning careers or embarking on entrepreneurship.
