

Wisconsin's Most Haunted

Wisconsin's Most Haunted is based off of some of the most haunted places in Wisconsin and tells stories of the location. It covers the history about the haunted location and takes you inside with a professional paranormal team the Fox Valley Ghost Hunters and you will listen to first hand accounts from the investigators some of which were scratched and touched by things unseen in the dark. Some of the stories deal with ghost hunters on a certain location where they were possessed or taken over by something very dark. One story of the founder of the team talks about his girlfriend who passed away at a young age due to cancer but the investigator still communicates with her on another dimension. All the stories and investigations take place in Wisconsin and give bios of the team and show what equipment they use on the investigation as well. This book covers some very well know spots like Summerwind in Land O'Lakes, Wisconsin and the Berlin Tannery as well as a haunted schoolhouse in Wisconsin Rapids. This book was also written by Enid Cleaves a well known Author from Northern Wisconsin who has sold many other books about Gangsters in Northern Wisconsin as well as some cookbooks.
