

ISO 5822:1988, Spot welding equipment - Taper plug gauges and taper ring gauges

Specifies requirements for taper plug and ring gauges used for the checking of type A, B and C tapers according to ISO 1089. Covers also definitions, dimensions, designation, materials, marking, and method of use. Cancels and replaces the first edition (ISO 5822:1982), clause 4 of which has been technically revised. This title may contain less than 24 pages of technical content.
