

Leonardo and the Mystery of the Villa Medici (Da Vincis Cases)

In Vinci, the small village near Florence, 1462: A strange man has taken a room at the inn. Sure thing, that the ten-year-old Leonardo and his best friend Carlo do not let him out of their sight. What about these odd drawings he secretly produces up there? Leonardo and Carlo are convinced: The man is a spy! And must necessarily be exposed! Alfred Bekker, born in 1964, writes fantasy, historical novels, criminal novels and books for young readers. His historical adventures for young readers are full of suspense, stuff which even kids who hate reading cannot resist.
