

Shut up, Sit down and Listen!

God wants His children to wake up, stand up and grow up! This book contains poems covering various life experiences that affect Gods children. God wants us to behave responsibly, put away selfishness and make it our urgent business to save souls. Ive included my personal account of how I kept resisting God and finally ended up painting myself into a corner. My aim is to encourage others who have not yet started a relationship with Christ, to get to know Him. When we try to live life without Him, we will never, ever experience true peace. In recent years I found myself thinking more deeply about God and I wanted Him to tell me what He expects from His children, so I asked Him. Well, imagine being woken in the early hours one Saturday morning with the poem Shut Up, Sit Down and Listen! in my head. I picked up the note pad beside my bed, I held the pencil, but I was not the writer. Rescue others by snatching them from the flames of judgment. - Jude One
