

## Success to a t: How writing 10 minutes a day can change your life (Practical Handwriting Analysis) (Volume 16)

By writing only 10 15 minutes a day and including the Success t, you can add a potent success formula to everything and anything you do. Changing your handwriting which is body language, can change the way you think and therefore the way to do things. By just including this simple letter t you can improve your ability to achieve your goals in 7 different ways in a mere 3 to 4 weeks.
