

Lifes A Bitch

Life is a bitch and then you die. At least that's what they say. I suppose it can be a bitch but mostly it's what you make of it. That's what Bunny Hawkins discovered. Bunny was married to a sexually dysfunctional man who put her in many sexual situations with a host of men to compensate for his shortcomings. Bunny learned how to adjust to her circumstances and make the most out of them. Authored by Shooter so of course it's interracial and it's loaded with all kinds of sex. Bunny tells us her story and she pulls no punches.
