

## Different Thinking: ...the thought pattern needed to manifest your hidden greatness

Research has shown that the average human being thinks about sixty thousand thoughts per day. Most of these thoughts are good, negative, absurd and similar. You then have the God-given responsibility to decide the quality and direction of your thought. Thoughts have the power to attract themselves; negative thoughts attract negative thoughts while positive thoughts attract positive thoughts. Your thoughts will become your actions, your actions will form your habits and your habits will shape your behavior. One of our biggest problems as human beings is not that we have negative thoughts craving for space in our minds; the problem is that we give room to those accidents, hate, failure, misfortune and the likes are not from God but the enemy. We can learn from the example of Jesus Christ when He was tempted by the devil to throw Himself from the temple top, Jesus immediately rebuked the devil. God has to advise Joshua on how to change their mindset before they enter the Promised Land so as to achieve ultimate success on their mission. It is recorded in Joshua 1:8 And don't for a minute let this Book of the Law be out of mind. Ponder and meditate on it day and night, making sure you practice everything written in it. Then you'll get where you're going; then you'll succeed. - (The Message) You will only be able to wipe away negative thoughts when you have taken the time and effort to plant the word of God deep in your spirit so that when the negative thoughts come, you always have a word to counter them. It is when you have fed yourself with God's word that you can match the enemy thought for thought, word for word. The lesson in all of these is that, we must never give our negative thoughts the chance to settle in our minds; the moment they present themselves we must do like Jesus did by rebuking them instantly. If we let them have another minute, they will settle in our

consciousness, overpower our mind and begin to influence our actions. The only way to win over negative thought is to keep Gods word in your mind, pondering and repeating it to yourself and before long, you will have a word for the enemy every time he tries to play smart on you. Let the journey of THINKING DIFFERENTLY begin now!
