

Have you ever wished life was perfect? I am sorry to tell you that wish will not come true even if a genie himself did it. Jack is stupid, yes I said it, he is stupid, he is a prince who does not want to rule, can you imagine that?. They say when life throws you lemon, make lemonade and when life throws you cool, make cool-aid. What if, life threw you a curse which turned you into a fire breathing dragon by night, half of the day you are a dragon and love and happiness has been seized from you, what can you make of that. Ask Jack because he is cursed with that curse. Being a fire breathing dragon may sound fun, but it is also very dangerous and deadly. Follow Jack as he battles with love and a curse placed on him by the enemy of his grand father, Nivaro. This is a real page turner and even though critics are saying nothing about the book because they haven't seen it, you can leave a comment below. Dawn of the cursed contiguous. And by the way if you have any questions for Jack don't ask me because he is in planet Venus. Sorry if you wanted to ask him anything. This book will leave you in a situation where you value life more, I even pitied Jack when writing this book. I know you may or not enjoy it, I actually don't care, period. Don't tell me about my spelling, I have two eyes as you do.
