

The Magister: Volume 0 Part 2 of 3

Discover the true nature of the Rosicrucians and the teachings of the Golden Dawn in the second part of the MAGISTER Vol 0 on Kindle. At over 37,000 words and 337 extensive footnotes and references, this section delivers fully illustrated accounts from the hidden archives of the original occult groups. In the concluding section 3 of the MAGISTER Vol. 0 we will provide fully explained rituals and exercises, after setting out the purpose of the ascent narrative and the symbolism of the ladder in this section. This monumental work took nine years to write and was delayed for two years in publishing hell, but is now released for immediate reading on Kindle ahead of a new paperback edition. Discover how Florence Farr was one of the leading esoteric educators of her time; how the Christian mystics coded the initiatory system in the Furnace of Jerusalem; see the original signatures of the founding members of the Hermetic Order of the Golden Dawn on the document which created the Order; learn how the Order failed - perhaps not in the way you might have read; read a detailed break-down of the true Rosicrucian documents and their purpose as the worlds first viral marketing campaign; and explore an overview of how academics have studied esotericism and what that might miss from a practitioner point of view. This section also presents extensive evidence that initiation in magical orders was always seen as a means of changing our inner state in relationship to the divine world, and that magic allows us to progress in stages through a fully realised spiritual path. Illustrated with archive documents, alchemical images and a version of the Tree of Life mapped to Christian mysticism and symbolism, this section prepares the reader for the practical work in ritual and personal ceremony. Never before has such an ambitious work shared a new perspective on the secret

teachings of all ages for a new equinox of occultism. Discover more at www.westernesotericism.com and join the Crucible Club for further experience of a truly magical life.
