

The New Psychic Studies in Their Relation to Christian Thought (Classic Reprint)

Excerpt from The New Psychic Studies in Their Relation to Christian Thought

Let them not shut their eyes to the danger which is obviously coming. The battle of the Evidences will have as certainly to be fought on the field of physical science as it was contested in the last age on that of the metaphysics. And on this new arena the combatants will have to employ new weapons, which it will be the privilege of the challenger to choose.
