

Art of the Ninja: Earth (Shadow Legacy, Book 1)

Growing up ninja in a modern world with ancient customs is difficult, but the Japanese government still has need of them. Training in the Chaio village, home of the best ninja, Duncan Kimura dreams of one day being chosen for the elite special forces-the Black Dragon Squad. But his dreams wont become a reality if he cant control his destructive rage that threatens everyone around him. Turmoil threatens to tip Duncans balanced world; rivalries, disputes with other teens, competition, and a beautiful kunoichi-a female ninja. The plague of emotions fuels his anger and an entity hidden deep inside him threatens to surface-it wants out. Follow Duncan through his trials and challenges as he will either lose himself to his rage and become a threat to all he knows and loves, or triumph and become the ninja his people expect of him.
