

Heavy Bag Killer (Next step) (Volume 2)

We are in the now together. We have to face our greatest fears and enemies, we have to find our path and our True Self again. My soul wrote this book to your soul. I honor the light, the love, the truth inside of You. This next step with its 11 chapters is for all the people who took the first step with me before and for all those who didnt. This book is for ALL, who got back up more times than they were knocked down; who gave more Love than they recieved; who can still smile and laugh out loud through the saddest times; who spread encouraging vibes; who always find a way; who help others even when they have nothing; who fall hard but bounce higher. Thank You for making our world a better place. This book is about Love, Courage, Compassion, Strength, Fun, Growth, Entertainment.
