Becca has plenty to hide and everything to lose but with her future on the line, she's willing to risk it all. A gripping novel from New York Times bestselling author Margaret Peterson Haddix. Becca's claim to fame is one she's been hiding from for the past three years: Her father is a notorious embezzler, and when he was caught, his excuse was, "How else is a guy like me supposed to put his kid through college?" Three years after the trial and imprisonment that destroyed Becca's life, she and her mother have started over again and are living in a town where no one knows their secret. But as college and its costs loom large, Becca begins to wonder how they'll afford it. And how she can apply for financial aid without divulging her secret? A local scholarship opportunity seems like a dream come true, but as the application process commences, Becca uncovers a chain of secrets that could destroy everything she's worked so hard to build. But the truth could also lead her toward the future she's always dreamed of.
